Looking back at over three decades and over 900 alumni, the accomplishments of our Yeshiva are awe-inspiring. Many alumni became Rabbis and teachers, doctors and lawyers and are now outstanding leaders in their fields and communities. Their commitment to the Jewish community began with intensive Torah study at Yeshivat Ohr David. Join us and be part of the Ohr David family.

Yeshivat
OHR DAVID

The experience of a lifetime!!!

תלמוד 058-4943720

From our talmidim:

"The Yeshiva helped me find my own focus, my own direction and then gave me a skillset and the tools to act"

"I'm the same person I was before but more self aware, more capable, more mature and understanding. I'm the same person just much better"

"I'm much stronger in what I believe in. I'm more knowledgeable in what I want. I have an understanding how to get there and the desire to do these things"

"Being in a smaller place, meeting the Rabbis and their families, seeing how they live, how they act... it gave me a better understanding of the person I wanted to be"

"Normally, you want to keep your issues to yourself otherwise others may use your vulnerabilities against you. Not here. We support each other and love each other. The older guys lend their experience to the younger guys. We're all brothers here. We're part of a family. That means everyone helps everyone grow in a super honest, trusting enviornment. It's a culture that starts with the Rabbis and spreads to the entire student body. It's a culture of honesty and support. We are so open and caring with each other"

... the experience of a lifetime that you will never forget!
