Talmud Torah is the heart of Yeshivat Har Etzion because Talmud Torah is a direct way to connect to HaKadosh Baruch Hu. The Gush's Torah heritage known as the "Brisker Derech", endows talmidim with an enduring methodology that enables them to learn independently for the rest of their lives.

This learning is enhanced by complementary study of Tanach, Machshevet Yisrael, Halacha, Mussar, and Chassidut. We seek to instill Ahavat Hashem, a passion for learning, and excellence in Middot that will last a lifetime.

Yeshivat Har Etzion was founded by HaRav Yehuda Amital zt"l in 1968 as a model yeshiva for the emerging hesder community. In 1971, HaRav Amital zt"l invited Harav Aharon Lichtenstein zt"l to join him as co-Rosh Yeshiva. These two Gedolim, along with their talmidim have reshaped the Torah world both in Israel and abroad. Their Torah values and legacy remains the core of our Yeshiva.

Spirituality

וטהר לבנו לעבדך באמת

Immersion in Torah must yield broader spiritual growth. Avodat Hashem grows by participating in shiurim on Tefilah as well as davening three Tefilot a day with Rabbeim and chaverim in the Beit Midrash. Vaadim with Ramim and leading Rabbanim in Alon Shevut along with chaburot with alumni and kollel talmidim all shape character and middos. The Gush Shabbat experience begins with Thursday evening singing to welcome the Shabbat and continues throughout Motzei Shabbat with weekly Tishim and Mesibot. Our Ramim live within walking distance of the Yeshiva and infuse every Shabbat with ruach.

The Tanach Revolution

▲ Rosh Yeshiva HaRav Medan and Rabbi Menachem Leibtag discuss Tanach in The Gush Beit Midrash

It is rare that a revolution can be traced to one moment in time. That is not the case with respect to what is universally known as the "Tanach Revolution". Upon its founding, the Yeshiva decided that the study of Tanach would be a regular part of the Yeshiva's curriculum. That small decision, changed the way Orthodox Jews learn and relate to Tanach. The world's leading Tanach Rabbeim - HaRav Medan, Rav Yoel Bin-Nun, Rav Leibtag and others - learned and continue to teach in our Beit Midrash. The opportunity to learn directly from them, and in a Beit Midrash in which the love of Tanach is palpable, is transformative.

Tiyulim

קום התהלך בארץ לארכה ולרחבה

Gush talmidim have the incredible opportunity to tour Eretz Yisrael through the study of Tanach. Their journey discovering Eretz Yisrael is guided by monthly Tanach tiyulim led by a team of teachers who are both Ohavei Torah and Ohavei HaAretz. Rav Menachem Leibtag teaches ongoing shiurim which lead into tiyulim. Shabbatonim in the Old City of Yerushalayim and Tzfat provide talmidim with a personal encounter with our beautiful land and Jewish history. Additionally, three day tiyulim during Bein HaZmanim provide a great bonding opportunity for Madrichim and Talmidim.

Compassion and Chesed

ותורת חסד על לשונה

The entire concept of a Hesder Yeshiva is built upon integrating Torah and Chesed. Torah learning is our primary focus, we are absolutely dedicated to serving and protecting the people of Israel. Serving Am Yisrael also means spending time serving food to soldiers at a local Gush cafe built especially to aid on-duty chayalim, volunteering to run Chanuka and Purim parties in a children's home, and even spending Shabbat at an absorption center for olim from Ethiopia. It also includes learning be'chavruta with the children who live in Alon Shevut and being a big brother for children in need.

Rebbe-Talmid Relationship

עשה לך רב, וקנה לך חבר

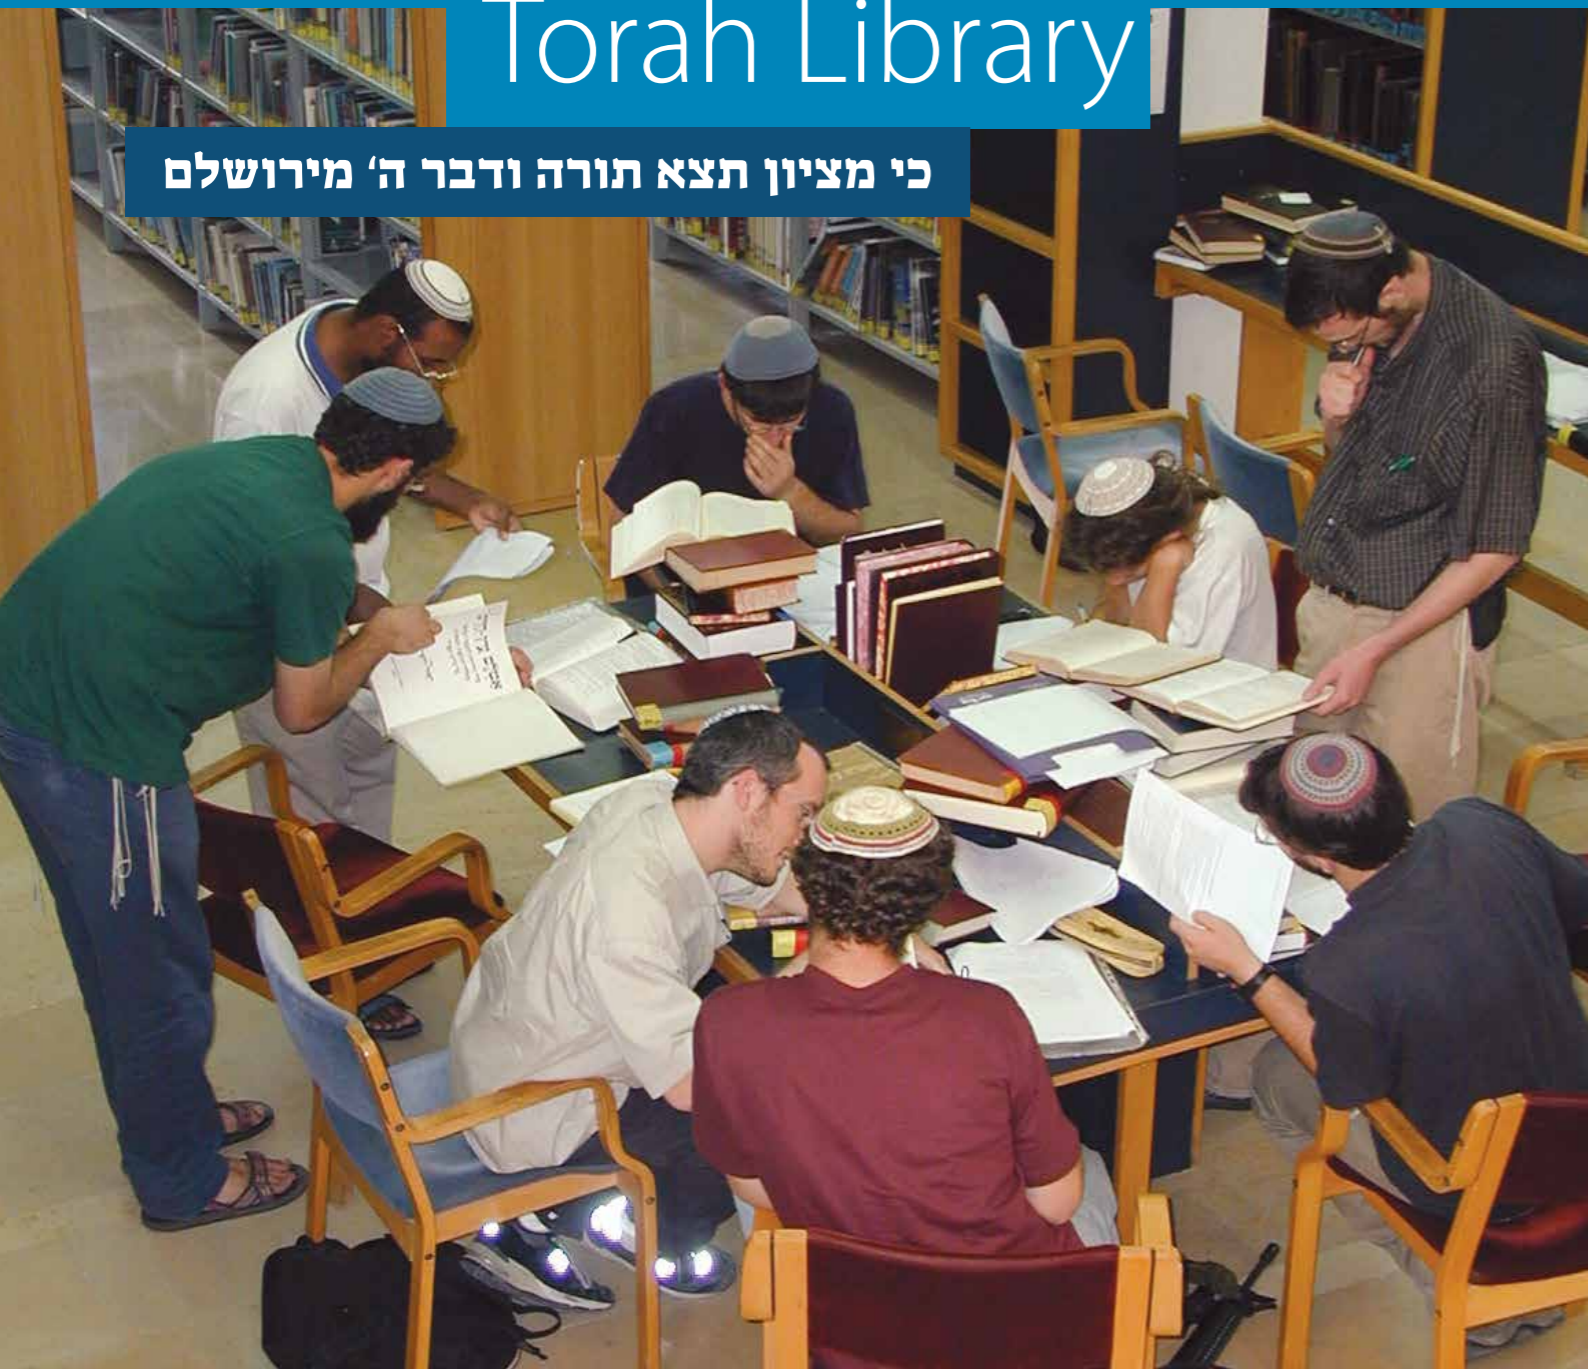

The Rebbe-Talmid relationship is at the center of spiritual, emotional and intellectual growth of our talmidim. To nurture this relationship, Rabbeim take an active interest in the talmidim's interests and aspirations. With most living on campus, the Rabbeim are a constant presence in the Beit Midrash, including for Shabbat and Yom Tov, and regularly host talmidim in their homes for meals and other get-togethers. The spiritual and emotional development of the talmidim is further enhanced by our devoted Mashgichim and Madrichim.

The Yeshiva's Torah Library, containing over 80,000 sefarim, including hundreds of rare sefarim and manuscripts, assigns a sense of reverence to Talmud Torah. Torah scholars from all over Israel regularly visit the Gush Library. In addition, the library contains the personal seforim collections of Gush talmidim who have heroically fallen in service. Learning with their seforim connects our talmidim to the Yeshiva's legacy.
